

ADARSH AGER

Full Stack Developer | Aversa, Karnataka | (Open to Remote)
adarshgager@email.com | +91 6363984209 | linkedin.com/in/Adarsh-Ager

PROFESSIONAL SUMMARY

Motivated BCA graduate with hands-on full stack web development experience through real-world capstone projects, building end-to-end applications using JavaScript, Node.js, Express.js, MySQL, and React.js. Skilled in frontend development with HTML5, CSS3, and responsive design; backend development with RESTful API design; and database schema design for efficient data storage and retrieval. Experienced with Git for version control and collaborative development. A self-driven, communicative developer comfortable working in remote environments and eager to contribute across the full development lifecycle at TWINRED HEALTH INDIA OPC PRIVATE LIMITED.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Responsive Design
Backend: Node.js, Express.js, RESTful API Design, Backend Development
Database: MySQL, Database Design, Schema Design, MongoDB (Basic)
Version Control: Git, GitHub, Code Review Practices
Web Stack: Full Stack Development, MVC Architecture, MERN (Basic)
Media & Tools: FFmpeg, Sharp.js, Postman (API Testing), VS Code
Concepts: Problem Solving, OOP, Software Development Lifecycle (SDLC)
Cloud & Deploy: Basic understanding of cloud deployment concepts (AWS/GCP)

PROJECTS

SmartAd – Smart Advertisement Video Generator | Final Year BCA Capstone Project

Stack: Node.js · Express.js · MySQL · FFmpeg · Sharp · HTML5 · CSS3 · JavaScript

- Built a complete full stack web application using Node.js/Express.js backend and HTML/CSS/JS frontend that auto-generates portrait MP4 video advertisements (1080×1920) for local businesses.
- Designed and implemented RESTful API endpoints for business data submission, image upload handling, and asynchronous video generation — demonstrating backend development and RESTful API design skills.
- Architected and managed MySQL database schema for storing business profiles, product details, and video metadata; optimised queries for efficient data retrieval and storage.
- Resolved complex media processing bugs in FFmpeg pipelines and Sharp SVG text compositing, applying strong debugging and problem solving skills.
- Delivered responsive frontend UI with glassmorphism design, 3D animations, particle effects, and a full product landing page with before/after showcases.

Tech Connect – Professional Networking Platform | Full Stack Development Project

Stack: Node.js · Express.js · MongoDB · HTML5 · CSS3 · JavaScript (Earlier: Flask · MySQL)

- Designed and developed a multi-role web platform connecting companies, freelancers, founders, and investors — covering full stack development from UI layer to database.
- Built MongoDB-backed backend with Express.js APIs for user authentication, profile management, and role-based data access; migrated from a prior Flask/MySQL architecture.
- Implemented a dark-themed glassmorphism UI with animated components, responsive layout, and dynamic rendering — focusing on user-friendly frontend development.
- Managed project structure, version control with Git, and iterative debugging through multiple architecture redesigns.

EDUCATION

Bachelor of Computer Applications (BCA) – CGPA: 7.27 (Up to 5th Semester)

Divekar BCA College, Karwar | Karnatak University, Dharwad | 2023 – 2026

Pre-University Course (12th Standard, Commerce) – 84%

Government PU College, Aversa | Karnataka Pre-University Board - KSEEB

CERTIFICATIONS

- Full Stack Web Development – HTML, CSS, JavaScript, Node.js, Express.js (Project-Based Learning)
- Database Design & MySQL – Schema Architecture, CRUD Operations, Query Optimisation
- Git & GitHub – Version Control, Branching, Collaborative Development (Self-Directed)
- React.js Fundamentals – Component Architecture, State Management (In Progress)

SOFT SKILLS

Problem Solving | Self-Motivated (Remote-Ready) | Clear Communication | Team Collaboration | Attention to Detail | Adaptability | Time Management | Continuous Learning

LANGUAGES

English – Professional Working Proficiency | Kannada – Native / Full Proficiency | Hindi – Conversational Proficiency
